Preface

The National Education Act B.E. 2542 and Amendments B.E. 2545 Section 47 says: "There shall be a system of educational quality assurance to ensure improvement educational quality and standards at all levels. Such a system shall be composed of both internal and external quality assurance. The system, criteria, and methods for quality assurance shall be as stipulated in the ministerial regulations."

Assumption University has established its criteria for quality assurance even before the announcement of the National Education Act B.E. 2542 because it has realized the importance of educational quality and standards especially at the international level.

One of the criteria which can help the University to improve its performance is a job placement survey. The job placement survey becomes a practice of the University conducted by the Institute for Research and Academic Services.

We do hope that this job placement survey of the graduated students in the academic year 2021 will be of interest and usefulness to all people concerned.

EXECUTIVE SUMMARY

The main objective of the research, *A Job Placement Survey of Assumption University Graduates Class 49,* was to investigate the job placements and the intentions to study in a higher degree of Assumption University graduates Class 49. The research target groups and samples were the graduates of both undergraduate and graduate programs Class 49. The total number of graduates Class 49 is 2,604. 2,063 were Bachelor's Degree graduates, 465 were Master's Degree ones, and 76 were Doctoral Degree ones. The Online Graduates Registration System (OGR) and descriptive statistics were used to collect and analyze data.

Profile of the Respondents

Out of the total number of 2,360 respondents, the percentages of the Bachelor's degree, Master's degree, and Doctoral degree graduates were 79.4%, 17.6%, and 3.1% respectively.

Findings

➢ **The Job Placement of Assumption University Bachelor's Degree Graduates**

The results reveal the facts that 92.0% of Assumption University Bachelor's Degree graduates are employed within one year after their graduation. Details of the employment are as follows:

- 65.4% of the employed graduates have been working as private firm employees, 18.6% as entrepreneurs, 8.3% as international organization employees, 6.2% as state enterprise employees, and 1.4% as government officials.

- All of Doctoral Degree graduates do not have any problems with furthering studies.

For the unemployment shown that;

- All of unemployed graduate have problems with the unavailability of job information (100.0%).

➢ **The Comparison of the Employed Graduates Classes 45 - 49**

When comparing the employed graduates' percentages among the Graduates from Class 45 to Class 48, it is discovered that the highest percentage of Bachelor's Degree is of Class 46 (96.6%), and the highest one of Master's Degree is of Class 46 (98.4%). As for Doctoral Degree graduates, the highest percentage of 100.0% belongs to the graduates from Class 45, Class 46, and Class 47. However, Class 49 was the year with higher graduate employment situation than last year. Except for doctoral graduates with lower employment rates than previous years.
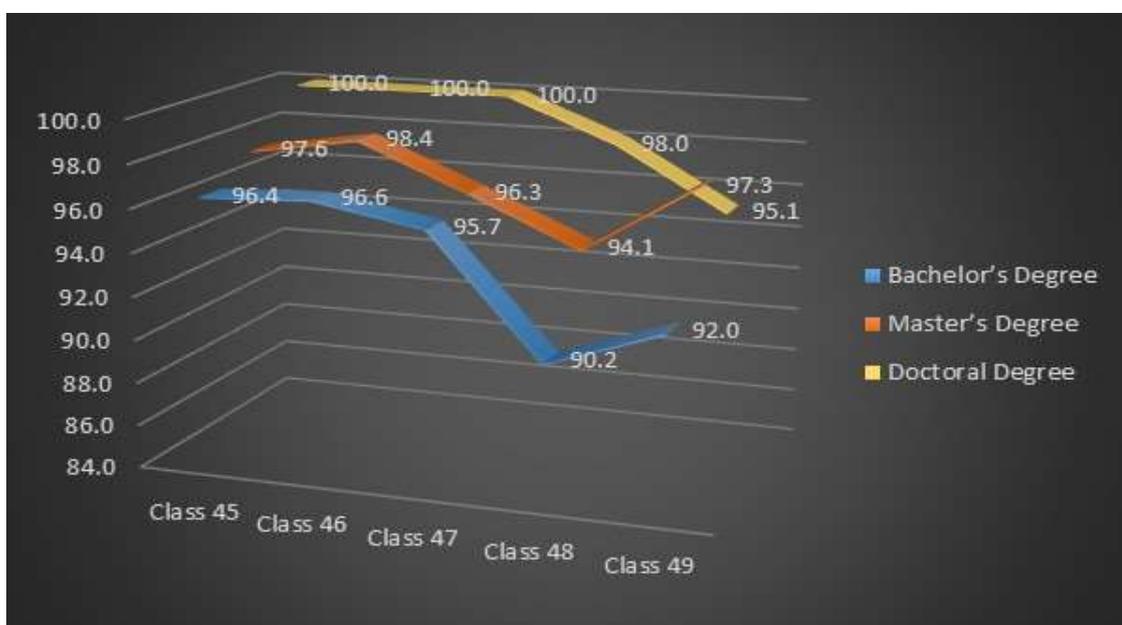

The Suggestion of Assumption University Graduates

        The class 49 of AU Graduates have given recommendations for improving lecturers as follows:

- Lecturers who are more practical and proficient in English language and IT skills are needed.
- Teaching activities and teaching methods need to be improved.
- More experienced teachers who can share their experiences are needed.
- Lecturers should have the same standard in teaching and grading.
- More foreign professional lecturers.
- Foreign students need to have good care.
- More consultations between supervisors and students.
- More interactive class rather than just lecture base classes.

Feedback on the curriculum has been given as follows:

- More elective courses should be provided.
- More internship projects are needed.
- More activities, research methods, case studies, practice, and application are needed in teaching and learning.
- More famous guest speakers should be invited to share their experience with students.
- More programs are needed.
- More innovative and up-to-date technologies.

Feedback on the student development activities has been given as follows:

- More activities that improve students' leadership and management skills.
- More various activities should be provided.
- More activities for international students should be provided.
- The internet should be more stable.
- Library access and printed text books for overseas students are needed.

Recommendations

        1. The most serious problem that the graduates have in job application is the unavailability of job information. This problem is a major problem every year. Assumption University should provide them with more information in the University's Career Week. Especially in the COVID-19 epidemic situation, Assumption University should have a job website to provide a convenient channel for graduates.

        2. The research survey is found that 37.1% of the Bachelor's Degree graduates do not work in an occupational category that corresponde to their field of study and a third of Bachelor's Degree graduates use their knowledge in working at the medium level (33.4%(. Thus Assumption University should develop the courses in response to the needs of labor market. The course contents should be up-to-date in order that the graduates can apply them in their jobs.

Rationale

All higher education institutions in Thailand have four main missions, namely, producing graduates, conducting research, providing academic services, and promoting Thai arts and culture. Assumption University as a higher education institution has tried its best to complete these missions at a high standard level.

Producing graduates is directly associated with teaching and learning. In order to conduct good and effective teaching, all instructors, apart from knowing and loving the subjects they teach, need to know and love their students. The instructors need to know the needs and the problems of their students in order to help them to cope with rapid changes especially in the labour market in the Age of Globalization. The awareness of the students' needs and problems will help the instructors to update their courses and improve their teaching methodologies and techniques.

This is the reason why a job placement survey needs to be conducted. This kind of survey is conducted every year with every class of the graduates. It becomes a normal practice. Assumption University assigns the Institute for Research and Academic Services to do it.

The survey is composed of four parts. Part I deals with the profiles of the respondents. Part II, III, and IV deal with the information about job placements, the information about further studies, and recommendations respectively.

This year the servey was conducted with the Class 49 of graduates at all levels. The results of the survey were given to all people concerned.

Objectives of Research

1. To survey Job Placements of Assumption University Graduates Class 49.
2. To survey their intentions to study for a higher degree.

Expected Benefits

1. To know job placements of the graduates at all levels in the labor market.
2. To prepare graduating students to enter the labor market and improve their qualifications.
3. To know where they intend to go for further studies.
4. To use the information to improve the quality of education.

Population and Samples

The samples in this study included the graduates from both undergraduate and graduate programs of Class 49. Out of the total Number of graduates 2,604, 2,063 were Bachelor's Degree, 465 were Master's Degree, and 76 were Doctoral Degree graduates.

Restrictions of Research

A Job Placement Survey of Assumption University Graduates collected data from graduates on November 1, 2021 to February 18, 2022. If the data had been collected at a longer period, the employment rate would have been higher.

Definitions

"**Graduates**" means graduates of Class 49 at all levels.

Research Tools

The Institute for Research and Academic Services designed and established the questionnaire. The survey was conducted via online.

Data Analysis

The data was analyzed through descriptive statistics such as Numbers, percentages, averages, and standard deviations.

Study Results

The results of the survey are classified into four parts:
Part 1 Profiles of the respondents
Part 2 The information about job placements
Part 3 The information about further studies
Part 4 The recommendations of the respondents

Part 1: Profiles of the Respondents

1.1 Gender

Out of the total Number of 2,360 respondents, 62.0% are female, and 38.0% are male.

1.2 Education Level

With respect to the educational levels of the graduates, 79.4% (1,873 graduates) are Bachelor's Degree graduates, 17.6% (415 graduates) are Master's Degree, and 3.1% (72 graduates) are Doctoral Degree ones (see Table 1).

1.3 The Response Rate

The response rate of Assumption University Graduates, 90.79% are Bachelor's Degree respondents, 89.25% are Master's Degree, and 94.74% are Doctoral Degree ones (see Table 2 - 4).

Part 2 : The Information about Job Placements of the AU Graduates

2.1 Job Status

It is found that 92.03% (1,055 graduates) of Bachelor's Degree graduates are employed (score = 4.60) (see Table 6).
For information on job finding of the Bachelor's Degree graduates, it is found that most of them have got their jobs from the websites (57.1%), followed by friends (45.2%) and parents (32.7%) (see Table 5).
When asked about the course or knowledge to support their career path, the Bachelor's Degree graduates recommend computer (49.1%), practicum/internship (48.8%), and English emphasis (44.5%) as described in Table 5.

The reasons why Doctoral Degree graduates have decided to have further studies include oneself' wish (81.8%), job requirement (9.1%), and the other reasons (9.1%) (see Table 52).

3.3 Problems of their Further Studies

All of graduates do not have any problems with furthering their studies (100.0%).

Part 4 : The Suggestion of Assumption University Graduates

     4.1 The class 49 of AU Graduates have given recommendations for improving lecturers as follows:

- Lecturers who are more practical and proficient in English language and IT skills are needed.
- Teaching activities and teaching methods need to be improved.
- More experienced teachers who can share their experiences are needed.
- Lecturers should have the same standard in teaching and grading.
- More foreign professional lecturers.
- Foreign students need to have good care.
- More consultations between supervisors and students.
- More interactive class rather than just lecture base classes.

Feedback on the curriculum has been given as follows:
- More elective courses should be provided.
- More internship projects are needed.
- More activities, research methods, case studies, practice, and application are needed in teaching and learning.
- More famous guest speakers should be invited to share their experience with students.
- More programs are needed.
- More innovative and up-to-date technologies.

Feedback on the student development activities has been given as follows:
- More activities that improve students' leadership and management skills.
- More various activities should be provided.
- More activities for international students should be provided.
- The internet should be more stable.
- Library access and printed text books for overseas students are needed.

Recommendations

     1. The most serious problem that the graduates have in job application is the unavailability of job information. This problem is a major problem every year. Assumption University should provide them with more information in the University's Career Week. Especially in the COVID-19 epidemic situation, Assumption University should have a job website to provide a convenient channel for graduates.

     2. The research survey is found that 37.1% of the Bachelor's Degree graduates do not work in an occupational category that corresponde to their field of study and a third of Bachelor's Degree graduates use their knowledge in working at the medium level (33.4%). Thus Assumption University should develop the courses in response to the needs of labor market. The course contents should be up-to-date in order that the graduates can apply them in their jobs.
