Assumption University Announcement

No.6/2022

Subject: Reporting the Research/Academic Works for the IRB Approval

According to the Assumption University Council Order No. 6/2021 dated November 18, 2021 appointing the Assumption University Institutional Review Board (AU-IRB) to undertake the responsibility of protecting the respondents' rights, dignity and welfare in the study as well as ascertaining the alignment of human research with the internationally agreed principles and guidelines, it is therefore deemed imperative to stipulate the submission of all types of work undertaken by lecturers, researchers, students, and the University staff, including Research, Thesis, Senior Project, Independent Study (IS), and Class Assignments that involve the collection or the utilization of information from the University's personnel and/or of the name of the University in the works to the AU-IRB for its approval, with an exception of the researches serving the objective of improving the service quality and the quality assurance of the faculties/offices within the University.

The characteristics of the proposed research works that require AU-IRB's consideration and approval are as follows:

1. A clinical study/research of pharmaceutical products and medical devices.
2. A study/research of the nature of disease, the diagnosis of, the treatment of, the health promotion of, and the prevention of a disease.
3. A study/research of the surgical methods.
4. Studies/researches using information from patient medical records or databases, laboratory specimens, body fluids, and human tissues.
5. Studies/researches in epidemiological.
6. Consumer product testing.
7. A study/research, inquiry, interviews, behavioral observations in social sciences, humanities, and psychology.

Announced on April 29, 2022
